

Space Before Responding Tool

Purpose

You don't have to respond perfectly—or immediately.
This tool helps you create a little space before reacting.

Right Now Check-In

Pause for a moment.

A moment where I felt the urge to respond quickly was:

Create Space

Even a brief pause counts.

Choose what fits right now:

- One slow breath
 - Counting to three
 - Stepping away for a moment
 - Softening my shoulders or jaw
-
-

Notice the Shift

Without judging the outcome:

When I paused, I noticed:

Carry-Forward Choice

No pressure to respond “correctly.”

One way I can build in space before responding next time is:

Bridge the Gap Coaching

Space doesn't stop the conversation. It steadies it. The bridge holds as you respond with intention.
